

Century Hill

ESTATES

*on St. John,
the jewel of the US Virgin Islands*

Come and discover the most beautiful white sand beaches in the Caribbean. With 2/3 of the island being US National Park, you will enjoy hiking trails, pristine coral reefs in aquamarine waters, 19th century ruins, and tropical wildlife.

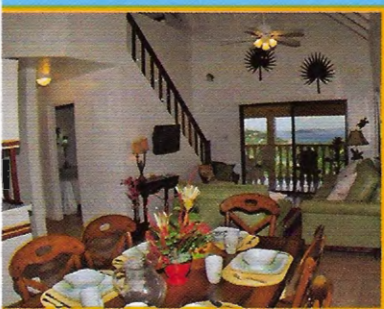

Set high on a hill with fantastic views of Cruz Bay and St. Thomas to the west, Century Hill features 8 newly renovated units in two separate buildings, each with their own pool.

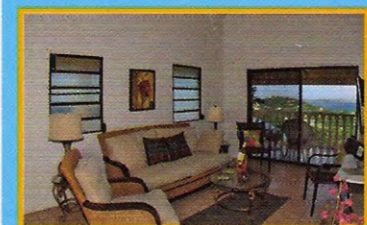

Privately owned and operated by long-time St. John residents, there are spacious suites which can accommodate 2-8 guests comfortably, all with private balconies that view the gorgeous sunsets over the Caribbean Sea.

Each unit is air-conditioned with the option to open up to fresh island breezes and ceiling fans and offers fully equipped kitchens, beach chairs, and coolers—your home away from home for a week or more.

For your convenience a rental jeep and kitchen provisioning is available upon request.
