This is a highly informative and enjoyable two and a half to three hour tour of the highlights of St. Thomas, an island famous for beautiful views and vistas. Our experienced driver-guides will show you breathtaking views of Magen's Bay, St. John and the on-going chain of the British Virgin Islands all while you enjoy a complimentary Banana Daiquiri at Mountain Top, the highest point on St. Thomas. The tour continues north to the Greathouse, a former Governor's residence, where you will see sprawling gardens, fish ponds and waterfalls while being treated to rum or fruit punch. Then a drive down the mountains to the heart of Charlotte Amalie, where you are on your own for lunch and browsing in the renowned duty-free shops of this historic old Danish town.
